

Sounding the praises of Ayer's Hair Vigor. That's what every one does who uses this splendid preparation for the hair. If you don't want to praise it, then you must not use it. You see, you will be so pleased with it that you will just have to tell your friends all about it.

Ayer's Hair Vigor

removes dandruff, makes the hair grow thick and heavy. Handsome hair, rich, glossy hair, always attracts. You may have just such hair if you will use Ayer's Hair Vigor. Accept no substitute.

CARNEGIE ON THE CIVIL WAR.
PITTSBURG, Jan. 2.—Andrew Carnegie, in a letter to the Grand Army Association and Union Veteran Legion, acknowledging the receipt of resolutions referring to his great gifts to Pittsburgh, says in part:
"The war for the Union was one of self defense. Peace man as I am, I consider it was our duty to support our Government, which makes one man's privilege every man's right."

WHAT TO GIVE TO THE YACHT

STILL MANY THINGS NEEDED BY HAWAII'S REPRESENTATIVE IN THE COMING BIG RACE.

The many people in Honolulu who have not made any donation as yet to the Hawaii, that will do her best to finish first in the coming trans-Pacific race, but who are willing provided they know what is wanted, will have no excuse to offer now, as the yacht committee has prepared a list of articles needed for the yacht that have not been bought or donated as yet.

Everyone in the Territory ought to be proud of the new yacht, a she has been built here by a local firm and everything that could possibly be brought here has been, and the yacht is as much Hawaiian as it is possible to make her.

The donations in the shape of money have not been as complete as they might be, and there is still quite a sum needed which can be brought down if the people will only give some of the things necessary. None of the things needed cost very much, and it behooves the citizens here who are anxious to see the Hawaii a success to dig and present the new cup defender with some article which is necessary.

The work of building is going on very fast and it is almost certain that a number of tuning up trials will be given her before she starts for San Pedro on May 1.

The committee has not as yet definitely decided who will command her but it is almost certain that Captain Macaulay will be the man.

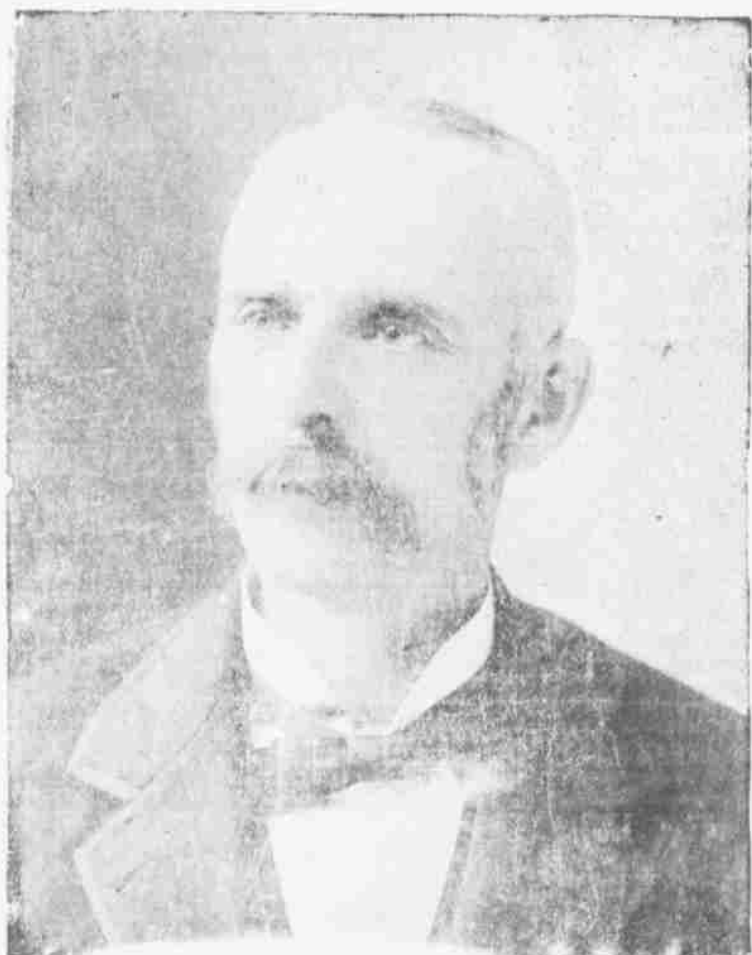

The following is the list of articles which are needed for the yacht: Anchors (two), galvanized iron, weighing about 200 pounds each; anchor chains, one 50-fathom 5-8-inch chain, one 60 fathoms; 3-inch cable, anchor light, belaying pins, blocks, fire buckets, deck buckets, chain plates, signal code flags, hawser pipes, side light, lifebuoys, top masts and spars, port light, plumbing and toilet findings, rigging, stanchions and life line, steerer, sails (complete), water tanks, turnbuckles, windlass, barometer, blankets, bedspreads, berth curtains register and international code crockery cooking utensils, charts, glassware, cabin lights, medicine chest, mirrors (three), pillows (fourteen) portieres (three) cooking range, silverware, saloon table and chairs, tablecloths (six), table napkins, face towels, bath towels, water filter, koea finish for interior of vessel.

Home maybe a world of love shut in and a world of strife shut out or vice versa.

There is no excuse for rough actions on the part of any man. Even a store may be polished.

It's easy for a man to discover a woman's weakness. All he has to do is to keep quiet and listen.

SHAW SAYS HUGHES

DENISON, Ia., Jan. 2.—"I believe the New York delegation to the Republican National Convention will carry with them instructions for Hughes for President," says Leslie M. Shaw, who is visiting his home here. When questioned as to his aspirations for the Presidency, Mr. Shaw was non-committal, saying:

ST. LOUIS TEAM MAY GO AGAIN

PLANS UNDER WAY FOR ANOTHER SERIES OF GAMES TO BE PLAYED IN JAPAN.

It is quite possible that the Saints will journey once more to the land of the rising sun, and play another series of games with the Japanese baseball team.

Captain Pat Gleason has received word from Japan, asking if it would be possible for the Saints to come out again this year and play, and the whole team are very anxious to go.

There are other plans in the air for baseball here this year, and it is possible that other large teams will be the ones to go to Japan, although it would be a good thing for Hawaii if the Saints did go again.

SPORT NOTES

The first tennis tournament of 1908 will be held on Saturday afternoon on the Beretania Club courts on Young street.

The tournament will be in the form of men's doubles between six teams from each club each team playing three sets and the club winning the most number of sets will be declared the winner.

The following players have signified their intention to take part, although one or two players may be obliged to withdraw at the last moment and some of them drawn to take their places.

Pacific Club—P. Roth and F. E. Steere, A. T. Brock and W. Williamson; C. H. Cooke and R. A. Cooke; F. C. Atherton and H. G. Dillingham; J. T. Waterhouse and Harold Castle; George Waterhouse and R. D. Mead.

Beretania Club—B. H. Wodehouse, and D. W. Anderson; W. L. Warren and George Warren; R. G. E. Forster and P. Harwood; R. B. Reitow and Stanley Kennedy; C. G. Bockus and A. J. Lowkey; Robert B. Booth and S. S. Peck.

"There is something great going to be done in a secluded spot by the sad sea waves on the night of February 22 for the yacht fund, and the famous fun maker 'Jamie' Wilder is going to be the one who will have charge. He won't tell what will be doing, but you could gamble if it was not against the law, that it is going to be well worth going to.

Those who have offered to take part are the real things and it will be for a good cause. Get out your glad rags and help boost the fun along, as the yacht is in need of coin to make her a complete success. Remember the time, place and the cause and lend your aid to make it go. The cost of going to it will be small, but remember that every little bit helps."

PAY AS YOU ENTER FAILS TO PITTSBURG

STREET CAR SCHEDULES UPSET. EMPLOYEES ABUSED. PASSENGERS ANGERED BY PLAN.

PITTSBURG, Dec. 30.—Disrupted schedules, disgruntled conductors, who are resigning almost hourly, delayed cars blocking the thoroughfares of the city while the conductors argue or fight passengers because they have not paid their fares, composed the result of the attempt of the Pittsburgh Railway Company today to enforce the "pay as you enter" plan of collecting fares on its cars.

The company issued an order that, beginning at 6 o'clock this morning, all fares must be paid to the conductor or as the passenger enters the car. This rule had been duly advertised, but the Pittsburgh Railway Company had not equipped the roads with the side-door cars. Tonight 20 conductors have left the service of the company, a number of persons are locked up on the charge of disorderly conduct and patrons are angry over the failure of the company to transport them to their homes in time for their dinners.

Fifth avenue, the most populous thoroughfare downtown, was blocked for hours as the cars piled up one after the other because the conductor refused to give his motorman the signal to go ahead when a passenger refused to pay or get off.

The first man to resign was a conductor of the Charlestown line, that runs along the Monongahela Valley for 40 miles or more. He had been notified

GREENE AND GAYNOR IN JAIL.
ATLANTA, Ga., January 8.—Greene and Gaynor have actually begun their sentences in the federal prison here. They arrived at 5 o'clock this morning and will be put to work in the big prison at once. It has not been decided just what the nature of their employment is to be, but they will not be forced to do manual labor.

In fact, there is little of that to be done in the prison. It is very probable that both men will be put to work in the prison offices in some clerical position. They came from Macon, where the last effort to set aside the judgment of the courts condemning them to imprisonment failed to bring relief.

to collect the fares before the passengers entered the cars, and was told that an inspector would report any infraction of the rule. At one stop at Black Diamond, near Monongahela City, 112 passengers got on the car. They flocked in over front and rear platforms and the conductor could not collect all the fares according to rules. He resigned when his car reached the terminal of the line.

Many passengers seemed to take delight in entering the cars, and when the conductor attempted to collect fares insisting that he should have collected them on the platform. One man fastened the door of his car and when he had collected from everybody on the platform permitted them to enter the car, and fastening the door again, would let another relay from the platform enter.

So unpopular is the new scheme that a number of men at lunch organized the "One Dollar Club" and pledged themselves to tender only a dollar in coin or bill to a conductor for fare, thus hoping by the delay caused to have the "pay-as-you-enter" plan abolished.

A RIVAL HOBSON WANTS RECORD

FORMER NAVAL HERO TO INTRODUCE BILL TO PROVIDE FOR WEEKLY OFFICIAL JOURNAL.

WASHINGTON, Dec. 23.—That sprightly publication, the Congressional Record, at times the most saffron of the "yellows," will have an official esteemed contemporary, if Captain Richmond Pearson Hobson's choice is that of a majority of the other members of Congress. Captain Hobson, having abandoned naval pursuits, is now engaged in the uplift of the Sixth Alabama District in particular and the United States in general. Most of the time he is obsessed by the Yellow Peril, but he finds moments to devote to other things. Hence the bill he proposes to introduce to have the Government compete with itself in journalism.

The bill provides for an official journal, to be published weekly by the Government, and oftener if necessary, which shall contain brief notices of the work of the various executive departments and independent bureaus of the Government, of the Supreme Court of the United States and of the proceedings of Congress so far as they may be of general public interest. The sum of \$75,000 is appropriated for equipment and \$275,000 for the expense of issuing the publication.

Captain Hobson has had printed a number of specimen copies, containing just such matter as would be expected

ATTACKED BY BUZZARDS.
LEWES CROSS ROADS, Del., Dec. 26.—Stricken with apoplexy while on his way to attend a Christmas dinner, Wesley Thomas, of this place, was nearly pecked to death by buzzards before being found by passerby, after having laid by a deserted roadside nearly 18 hours.

Thomas, who is about 66 years old, lives by himself in a cabin several miles back in the deep swamps near here. The loneliness of the man aroused the sympathies of his nearest neighbors, five miles away, and they invited him to attend their Christmas dinner.

to fill its columns. In speaking of his bill today he said:
"The official journal is intended to make a connecting link between the Government and the people, and will be in effect a periodical report to the people of the work done by all branches of the Government. The project grew out of my having ascertained that a vast amount of valuable material did not reach the people for whom it was intended."

It is provided that the journal shall be nonpartisan, and shall contain no editorial comment. In case it should be deemed advisable, provision also is made for the simultaneous publication of the journal at one point in the Middle West and at one point on the Pacific coast. The journal is to be distributed free.
